MINUTES

MINUTES OF MEETING
HIGHLAND MEADOWS WEST
COMMUNITY DEVELOPMENT DISTRICT

The regular meeting of the Board of Supervisors of the Highland Meadows West Community Development District was held on Tuesday, **July 21, 2026,** at 10:00 a.m. at the Offices of Prime Community Management – 375 Avenue A SE, Winter Haven, Florida.

Present and constituting a quorum:

Bobbie Shockley	Chairperson
Lindsey Roden	Vice Chairperson
Jessica Spencer	Assistant Secretary
Kristin Cassidy	Assistant Secretary

Also, present were:

Katie O'Rourke	District Manager, GMS
Savannah Hancock	District Counsel, KVW Law
Chace Arrington	District Engineer, Dewberry
Matt Fisher	Field Manager, GMS

The following is a summary of the discussions and actions taken at the July 21, 2026, Highland Meadows West Community Development District's Board of Supervisors Meeting.

FIRST ORDER OF BUSINESS **Roll Call**

Ms. O'Rourke called the meeting to order. Four Supervisors were present in person constituting a quorum.

SECOND ORDER OF BUSINESS **Public Comment Period**

Ms. O'Rourke opened the meeting for public comments. There being no comments, the next item followed.

THIRD ORDER OF BUSINESS **Approval of Minutes of the April 21, 2026 Board of Supervisors Meeting**

Ms. O'Rourke presented the minutes of the April 21, 2026, Board of Supervisors meeting and asked for any comments, corrections, or changes. The Board had no changes to the minutes.

> On MOTION by Ms. Roden, seconded by Ms. Shockley, with all in favor, the Minutes of the April 21, 20206 Board of Supervisors Meeting, were approved.

FOURTH ORDER OF BUSINESS **Public Hearing on Adoption of Fiscal Year 2027 Budget**

Ms. O'Rourke stated that the Board was moving to the public hearing on adoption of the Fiscal Year 2027 budget. They noted the hearing was for adoption of the final budget, imposition of operations and maintenance special assessments, and certification of the assessment roll. She asked for a motion to open the public hearing.

> On MOTION by Ms. Roden, seconded by Ms. Shockley, with all in favor, Opening the Public Hearing, was approved.

A. Consideration of Resolution 2026-06 Adopting the Fiscal Year 2026 Budget and Appropriating Funds

Ms. O'Rourke stated that Resolution 2026-07 would adopt the District's Fiscal Year 2027 budget for the period of October 1, 2026 through September 30, 2027. The final budget was attached as an exhibit and had previously been reviewed and approved by the Board. She noted there were no substantive changes since the initial review, only updated financial information with actuals through the end of May. She also stated there was no increase in operations and maintenance assessments.

Ms. O'Rourke explained that after budget adoption, Resolution 2026-07 would establish the funding mechanism for the budget. The FY2027 operations and maintenance assessments would be collected on the Polk County tax bill, and the assessment roll would be certified for collection. As a result, the annual tax bill would include both debt service assessments and operations and maintenance assessments.

On MOTION by Ms. Shockley, seconded by Ms. Spencer, with all in favor, Resolution 2026-06 Adopting the Fiscal Year 2026 Budget and Appropriating Funds, was approved.

Ms. O'Rourke asked for a motion to close the public hearing.

On MOTION by Ms. Shockley, seconded by Ms. Roden, with all in favor, Opening the Public Hearing, was approved.

FIFTH ORDER OF BUSINESS **Consideration of Resolution 2026-07 Imposing Special Assessments and Certifying an Assessment Roll**

Ms. O'Rourke stated that Resolution 2026-07 involved imposing special assessments and certifying the assessment roll and noted that a copy of the assessment roll was included in the agenda package for any Board members who wished to review it.

On MOTION by Ms. Shockley, seconded by Ms. Roden, with all in favor, Resolution 2026-07 Imposing Special Assessments and Certifying an Assessment Roll, was approved.

SIXTH ORDER OF BUSINESS **Consideration of Resolution 2026-08 Adopting the Fiscal Year 2027 Meeting Schedule**

Ms. O'Rourke stated that the next item was the proposed Fiscal Year 2027 meeting schedule, found on page 51 of the agenda package. The proposed schedule would move the meeting time from 10:00 a.m. to 11:00 a.m., while keeping meetings on the third Tuesday of each month at Prime, after the Scenic Highway meeting rather than before.

On MOTION by Ms. Roden, seconded by Ms. Spencer, with all in favor, Resolution 2026-08 Adopting the Fiscal Year 2027 Meeting Schedule, was approved.

SEVENTH ORDER OF BUSINESS **Ratification of Towing Services Agreement with New Generation Towing**

Ms. O'Rourke stated that the next item was ratification of the towing services agreement with New Generation Towing. The agreement was included on page 53 of the agenda package and had been signed outside of a meeting, so the Board was asked to ratify it.

> On MOTION by Ms. Roden, seconded by Ms. Spencer, with all in favor the Towing Services Agreement with New Generation Towing, was ratified.

EIGHTH ORDER OF BUSINESS **Ratification of Fuel Surcharge Amendment with Prince and Sons**

Ms. O'Rourke stated that the next item was ratification of the fuel surcharge amendment with Prince and Sons, located on page 67 of the agenda package. The amendment had been signed outside of a meeting and was set up similarly to prior fuel surcharge amendments. She noted that the addendum was included in the agenda package, would automatically expire on September 30, and would require Prince and Sons to reapply after that date.

> On MOTION by Ms. Shockley, seconded by Ms. Spencer, with all in favor, the Fuel Surcharge Amendment with Prince and Sons, was ratified.

NINTH ORDER OF BUSINESS **Right of Way Tree Discussion**

A. Inspection Report

Ms. O'Rourke introduced the item and noted it was listed on page 72 of the agenda package. Mr. Fisher explained that the agenda packet version was outdated and that the paper handout was the accurate updated version. He stated the Board had previously approved a not-to-exceed amount for 42 trees in March, which corresponded to the unhighlighted trees, while the highlighted trees were newly identified as missing or dead.

The discussion focused on whether to proceed immediately with replacements or first have the HOA send letters to homeowners. Staff noted that the CDD had limited enforcement ability, while the HOA may have more authority and homeowners may respond better to an HOA notice. The Board discussed sending letters to all affected addresses, waiting 30 days, then checking whether any homeowners or the HOA had responded before moving forward with installation.

B. Consideration of Proposal from Prince & Sons for Tree Replacements

Mr. Fisher stated he could conduct another review after 30 days and create a new proposal for any additional highlighted trees. Ms. O'Rourke noted there was $133,000 in the relevant budget line item and the previously approved not-to-exceed amount was about $116,000, so removing a few trees from the replacement list could be helpful. The group ultimately agreed to proceed by coordinating with the HOA, sending notices, doing an email check-in after 30 days, and then deciding how to move forward with the tree replacements.

On MOTION by Ms. Spencer, seconded by Ms. Shockley, with all in favor, the Proposal from Prince & Sons for Tree Replacements, was approved.

TENTH ORDER OF BUSINESS Staff Reports

A. Attorney

Ms. Hancock stated that there were no major attorney updates but reminded Board members to complete their ethics training before the end of the calendar year if they had not already done so. She also noted they would be out of the office the following week and asked that any needed items be directed to Amy and Meredith until their return on August 1.

B. Engineer

i. Presentation of Annual Engineer's Report

Mr. Arrington stated that the engineer's report was included around page 79 of the agenda package and was prepared as required by the District's annual goals and objectives. He stated the report had been completed and found the District to be in reasonably good repair. They also reviewed the Fiscal Year 2027 operations and maintenance budget and believed it was sufficient for proper operation and maintenance of Highland Meadows West CDD. In addition, he stated the current insurance coverage limits appeared adequate for the community.

He noted that the full report included a map identifying issue locations, mostly involving general repair, maintenance, and operational items. Those items had already been sent to field staff so repairs could be arranged, and he offered to answer any questions.

C. Field Manager's Report

i. Ratification of Monument Repair Agreement with Extreme Graphics

Mr. Fisher presented the field manager's report, noting several completed and in-progress maintenance items. Completed work included minor community upkeep, repair and painting of a wall crack, replacement of a fallen column cap, and continued review and repair of damaged fence panels by maintenance staff.

For upcoming or in-progress work, he stated he was seeking a proposal for striping in front of the mailboxes because the existing lines were badly faded and vehicles had been parking over them. He also reported that soft washing of the perimeter wall was being addressed through the maintenance program due to noticeable algae growth.

He requested ratification of two items approved outside the meeting: a monument repair involving broken and dangling underscores, and a pond erosion repair near a resident's home. The engineer had reviewed the pond erosion issue, staff developed a plan, and a proposal from Prince and Sons was signed outside the meeting for ratification.

> On MOTION by Ms. Shockley, seconded by Ms. Roden, with all in favor, the Monument Repair Agreement with Extreme Graphics, was ratified.

ii. Ratification of Pond & Sod Repair Proposal with Prince & Sons

Mr. Fisher stated that Prince and Sons expected the pond erosion repair work to be finished by the end of the week, and he would inspect it once completed

> On MOTION by Ms. Shockley, seconded by Ms. Spencer, with all in favor, the Pond & Sod Repair Proposal with Prince & Sons, was ratified.

iii. Playground Replacement Updates

1. **Fire Department Report**
2. **Ratification of Agreement with ProPlaygrounds for Playground Equipment**

Mr. Fisher reviewed the playground fire damage. He explained that a deposit invoice had been received and paid to Pro Playgrounds for replacement equipment, which had been approved

outside the meeting due to the cost and need to order parts quickly, and the Board was asked to ratify that deposit.

> On MOTION by Ms. Roden, seconded by Ms. Shockley, with all in favor, the Agreement with ProPlaygrounds for Playground Equipment, was ratified.

3. Consideration of GMS Proposal #550 for Playground Repairs & Clean UP

Ms. O'Rourke explained that the District would pay the deductible and insurance should reimburse costs above that amount. She noted the equipment deposit was about $7,800 and that a related GMS proposal totaled $10,146, putting the claim over the deductible.

Mr. Fisher explained that the GMS scope included receiving and delivering the playground equipment, installing it, disposing of burned sections, cleaning salvageable equipment, making necessary repairs, and removing burned mulch. When asked whether additional rubber mulch would be needed, he stated the existing mulch appeared sufficient and that, at most, only a few bags might be needed. Ms. O'Rourke stated the deductible could be paid from contingency because there was no specific budget line item for fires.

Ms. O'Rourke noted that Mr. Fisher had included the fire department report for review. Mr. Fisher explained that the report took some time to obtain through public records and was requested by insurance. Once received, it was sent to Aegis and satisfied the remaining documentation request for the claim.

A Board member asked whether anyone was trying to determine who caused the playground fire. Ms. O'Rourke stated that law enforcement responded to the scene, took witness and interview statements, and attempted to locate the person responsible, but based on the report, they were unable to identify them. Mr. Fisher then stated that was all he had unless there were further questions.

> On MOTION by Ms. Roden, seconded by Ms. Spencer, with all in favor, the GMS Proposal #550 for Playground Repairs & Clean UP, was approved.

D. District Manager's Report

i. Approval of Check Register

Ms. O'Rourke presented the check register and invoice summary on page 138 for April 11th through July 13th totaling $99,059.58.

On MOTION by Ms. Shockley, seconded by Ms. Roden, with all in favor, the Check Register, was approved.

ii. Balance Sheet and Income Statement

Ms. O'Rourke presented the unaudited financial statements. No action is required by the Board.

iii. Presentation of Number of Registered Voters: 605

Ms. O'Rourke stated that, as of April 15, there were 605 registered voters within the District. She explained that the District is required to announce this number annually to the Board, and no Board action was needed.

iv. Goals & Objectives

1. Adoption of Fiscal Year 2027 Goals & Objectives

Ms. O'Rourke stated that the goals and objectives section began on page 164 of the agenda package. The item was for adoption of the Fiscal Year 2027 goals and objectives, which were the same as the Fiscal Year 2026 goals and objectives. She stated that unless the Board wanted to make changes, staff was looking for approval of the FY2027 goals and objectives.

On MOTION by Ms. Shockley, seconded by Ms. Spencer, with all in favor, Adoption of Fiscal Year 2027 Goals & Objectives, was approved.

2. Authorizing Chair to Execute Fiscal Year 2026 Goals & Objectives

Ms. O'Rourke presented authorizing the chair to execute the current year's goals and objectives. Approval would allow Ms. Shockley to sign off on the current goals and objectives at the end of the year so they could be posted on the District website in compliance with the applicable statute.

On MOTION by Ms. Spencer, seconded by Ms. Shockley, with all in favor, Authorizing Chair to Execute Fiscal Year 2026 Goals & Objectives, was approved.

v. Discussion of August Meeting Date *(Hotel not available)*

Ms. O'Rourke stated that the Holiday Inn was not available for the August meeting date and that there was currently nothing on the August agenda. She gave the Board options to cancel the meeting, wait until closer to the date before deciding, or move the location to Prime.

A Board member preferred moving the location and waiting to decide on cancellation in case something came up, such as violations requiring Board action

ELEVENTH ORDER OF BUSINESS Other Business

There being no comments, the next item followed.

TWELFTH ORDER OF BUSINESS Supervisors Requests

There being no comments, the next item followed.

THIRTEENTH ORDER OF BUSINESS Adjournment

On MOTION by Ms. Roden, seconded by Ms. Shockley, with all in favor, the meeting was adjourned.

SECTION 4

RESOLUTION 2026-09

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE HIGHLAND MEADOWS WEST COMMUNITY DEVELOPMENT DISTRICT DECLARING VACANCIES PURSUANT TO SECTION 190.006(3)(b), FLORIDA STATUTES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Highland Meadows West Community Development District (the "District") is a local unit of special-purpose government created and existing pursuant to Chapter 190, *Florida Statutes*; and

WHEREAS, on November 3, 2026, two (2) members of the Board of Supervisors (the "Board") are to be elected by the "Qualified Electors" of the District, as that term is defined in Section 190.003, *Florida Statutes*; and

WHEREAS, the District published a notice of qualifying period set by the Polk County Supervisor of Elections at least two (2) weeks prior to the start of said qualifying period; and

WHEREAS, at the close of the qualifying period, no one qualified to run for the available seats designated as "Seat 4" and "Seat 5"; and

WHEREAS, pursuant to Section 190.006(3)(b), *Florida Statutes*, the Board shall declare Seat 4 and Seat 5 vacant, effective the second Tuesday following the general election, and Qualified Electors are to be appointed to such seats within ninety (90) days thereafter; and

WHEREAS, the Board finds that it is in the best interests of the District to adopt this Resolution declaring Seat 4 and Seat 5 as vacant.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE HIGHLAND MEADOWS WEST COMMUNITY DEVELOPMENT DISTRICT:

SECTION 1. The following seats are hereby declared vacant effective as of November 17, 2026: Seat 4 (currently held by Bobbie Shockley) and Seat 5 (currently held by Jessica Spencer).

SECTION 2. Until such time as the Board nominates Qualified Electors to fill the vacancies declared in Section 1 above, the incumbent Supervisor for Seat 4 and Seat 5 shall remain in office.

SECTION 3. This Resolution shall become effective upon its passage.

PASSED AND ADOPTED this 15th day of September 2026.

Re: $6,385,000 Highland Meadows West Community Development District (Haines City, Florida), Special Assessment Bonds, Series 2019

Dear Ms. Costa:

AMTEC has prepared certain computations relating to the above referenced bond issue (the "Bonds") at the request of the Highland Meadows West Community Development District (the "District").

The scope of our engagement consisted of preparing the computations shown in the attached schedules to determine the Rebatable Arbitrage as described in Section 103 of the Internal Revenue Code of 1954, Section 148(f) of the Internal Revenue Code of 1986, as amended (the "Code"), and all applicable Regulations issued thereunder. The methodology used is consistent with current tax law and regulations and may be relied upon in determining the rebate liability. Certain computational methods used in the preparation of the schedules are described in the Summary of Computational Information and Definitions.

Our engagement was limited to the computation of Rebatable Arbitrage based upon the information furnished to us by the District. In accordance with the terms of our engagement, we did not audit the information provided to us, and we express no opinion as to the completeness, accuracy or suitability of such information for purposes of calculating the Rebatable Arbitrage.

We have scheduled our next Report as of April 30, 2027. Thank you and should you have any questions, please do not hesitate to contact us.

Very truly yours,

Michael J. Scarfo
Senior Vice President

Trong M. Tran
Assistant Vice President

SUMMARY OF REBATE COMPUTATIONS

Our computations, contained in the attached schedules, are summarized as follows:

For the April 25, 2029 Computation Date
Reflecting Activity from April 25, 2019 through August 31, 2026

Fund Description	Taxable Inv Yield	Net Income	Rebatable Arbitrage

Interest Account	1.816810%	1,493.98	(3,983.81)
Cost of Issuance Account	1.949794%	6.95	(16.68)
Totals	**1.926181%**	**$71,246.15**	**$(164,258.20)**
Bond Yield	**4.882446%**		
Rebate Computation Credits			(18,231.74)
		Net Rebatable Arbitrage	**$(182,489.94)**

Based upon our computations, no rebate liability exists.

SUMMARY OF COMPUTATIONAL INFORMATION AND DEFINITIONS

COMPUTATIONAL INFORMATION

1. For purposes of computing Rebatable Arbitrage, investment activity is reflected from April 25, 2019, the date of the closing, to August 31, 2026, the Computation Period. All nonpurpose payments and receipts are future valued to the Computation Date of April 25, 2029.

2. Computations of yield are based on a 360-day year and semiannual compounding on the last day of each compounding interval. Compounding intervals end on a day in the calendar year corresponding to Bond maturity dates or six months prior.

3. For investment cash flow, debt service and yield computation purposes, all payments and receipts are assumed to be paid or received respectively, as shown on the attached schedules.

4. Purchase prices on investments are assumed to be at fair market value, representing an arm's length transaction.

5. During the period between April 25, 2019 and August 31, 2026, the District made periodic payments into the Interest, Sinking and Prepayment Accounts (collectively, the "Debt Service Fund") that were used, along with the interest earned, to provide the required debt service payments.

   Under Section 148(f)(4)(A), the rebate requirement does not apply to amounts in certain bona fide debt service funds. The Regulations define a bona fide debt service fund as one that is used primarily to achieve a proper matching of revenues with principal and interest payments within each bond year. The fund must be depleted at least once each bond year, except for a reasonable carryover amount not to exceed the greater of the earnings on the fund for the immediately preceding bond year or $1/12^{th}$ of the principal and interest payments on the issue for the immediately preceding bond year.

   We have reviewed the Debt Service Fund and have determined that the funds deposited have functioned as a bona fide debt service fund and are not subject to the rebate requirement.

DEFINITIONS

6. Computation Date

April 25, 2029.

7. Computation Period

The period beginning on April 25, 2019, the date of the closing, and ending on August 31, 2026.

8. Bond Year

Each one-year period (or shorter period from the date of issue) that ends at the close of business on the day in the calendar year that is selected by the Issuer. If no day is selected by the Issuer before the earlier of the final maturity date of the issue or the date that is five years after the date of issue, each bond year ends at the close of business on the anniversary date of the issuance.

9. Bond Yield

The discount rate that, when used in computing the present value of all the unconditionally payable payments of principal and interest with respect to the Bonds, produces an amount equal to the present value of the issue price of the Bonds. Present value is computed as of the date of issue of the Bonds.

10. Taxable Investment Yield

The discount rate that, when used in computing the present value of all receipts of principal and interest to be received on an investment during the Computation Period, produces an amount equal to the fair market value of the investment at the time it became a nonpurpose investment.

11. Issue Price

The price determined on the basis of the initial offering price at which price a substantial amount of the Bonds was sold.

12. Rebatable Arbitrage

The Code defines the required rebate as the excess of the amount earned on all nonpurpose investments over the amount that would have been earned if such nonpurpose investments were invested at the Bond Yield, plus any income attributable to the excess. Accordingly, the Regulations require that this amount be computed as the excess of the future value of all the nonpurpose receipts over the future value of all the nonpurpose payments. The future value is computed as of the Computation Date using the Bond Yield.

13. Funds and Accounts

The Funds and Accounts activity used in the compilation of this Report was received from the District and US Bank, Trustee, as follows:

Accounts	Account Number
Revenue	249938000
Interest	249938001
Sinking	249938002
Reserve	249938003
Prepayment	249938004
Acquisition & Construction	249938005
Cost of Issuance	249938006

METHODOLOGY

Bond Yield

The methodology used to calculate the bond yield was to determine the discount rate that produces the present value of all payments of principal and interest through the maturity date of the Bonds.

Investment Yield and Rebate Amount

The methodology used to calculate the Rebatable Arbitrage, as of August 31, 2026, was to calculate the future value of the disbursements from all funds, subject to rebate, and the value of the remaining bond proceeds, at the yield on the Bonds, to April 25, 2029. This figure was then compared to the future value of the deposit of bond proceeds into the various investment accounts at the same yield. The difference between the future values of the two cash flows, on April 25, 2029, is the Rebatable Arbitrage.

How Are We Different?

We understand that the holiday season can be stressful and overwhelming. That's why we strive to make your Christmas lighting experience as seamless and enjoyable as possible.

From the initial consultation to the final installation, our team of experts will work with you every step of the way to ensure that your vision for your home or business is brought to life. We use only high-quality materials to create a stunning and energy-efficient lighting display that will impress your family, friends, and customers.

Whether you're looking for a classic or modern design, we have the expertise to make it happen. Trust TPG Lighting to make your holiday season unforgettable!

What Our Customers are Saying:

TPG Lighting has been excellent. Working with them has been outstanding! This is my first time placing lights on my home and I could not be more pleased!

TPG Lighting installed their permanent roof-line lights on my home, and now we are the talk of the community! Their customer service and quality of work are unmatched. I would definitely recommend them to anyone who's looking to brighten up their home!

Very professional company, did our lights last year and came out exactly how I imagined! Definitely going with TPG Lighting for our future Christmas lighting needs!

I've been doing my own Christmas lights for years and I could NOT believe how much better it looked with a professional installation. With my increasing age, I'm glad I found a company I can trust.

I have been in property management for 11 years and I'm so glad I was able to find TPG Lighting! From the first contact until the lights were taken down, the whole process was seamless.

The Leasing Model

The Leasing Model Explained:

The idea behind the leasing model is to make the customer and vendor experience as consistent and streamlined as possible.

Instead of spending a fortune on commercial-grade lights that only have a life expectancy of 3-4 seasons, we spread out the cost for you over that term. When you sign up with us under the leasing model, you are agreeing to lease our product for one season or multiple seasons with a service agreement.

Our leasing service includes:

- Design,
- Installation,
- Maintenance,
- Take-down, and
- Storage.

By leasing our product, you can enjoy the benefits of holiday decorating without the hassle of storing decorations in your home or business during the off-season. Additionally, our team of professionals will handle the installation and maintenance of the decorations, ensuring that they are in top condition throughout the season. Our leasing approach is designed to provide you with a worry-free holiday experience, and we are committed to making sure that each of our customers receives the highest level of service and support.

Lastly, because it is OUR product, there are never any charges for replacing any malfunctioning or faded lighting/decorations. The display will always look amazing with no additional costs for maintenance. With a simple text/email detailing the malfunction, we will dispatch a trained technician within 24-48 hours to provide the necessary repair/replacement.

Why Sign Up for a Service Agreement?

Convenience:

For our commercial customers, the biggest challenge they face regarding Christmas lighting is selecting a vendor. Each year, they are typically required to submit 3 bids for all projects. When you sign up with a service agreement with us, you know that you can count on the most reputable Christmas lighting company in town to provide excellent quality and customer service EVERY time.

These service agreements establish a base design. They can always be modified to add more lighting, but the base design would remain the same for the life of the contract.

Savings:

When you enter into one of our service agreements, Cost savings can come in two forms: the initial discount and price stability.

With a service agreement, **you can save 10-20%** on your first year installation price (% Depending on the size of the job)! When we install a Christmas display, several items are custom-cut to your property which is difficult to re-install on another property. Also, we know that the following year will be faster for installation. As a result, we pass those savings on to you in exchange for engaging in a multi-year agreement.

In light of recent years, price swings can happen in the blink of an eye. Recently, cost of goods and services have skyrocketed! When you enter into our service agreement, the price is locked for the length of the contract. This is tremendously helpful for your annual budgeting!

Scheduling Availability:

Seeing that this is a seasonal service, there is a finite amount of customers that we can take on each year. Each season, we turn away dozens of customers because we have reached capacity or we cannot receive the products in time. We expand our capacity and inventory annually, but the best way to guarantee your spot is with a Service Agreement.

SUPPLEMENTAL INFORMATION GUIDE:

SCHEDULING, CONTACT, DISCLAIMERS, AND OTHER IMPORTANT INFORMATION

Scheduling:

In order to accommodate hundreds of clients, we have set in place our default *"Window"* scheduling in an effort to make as much room as possible for all of our current and potential customers.

This scheduling aims to install discreet, low-impact decorations earlier in the season and more obvious decorations after Halloween.

This scheduling should accommodate the vast majority of our customers, but if there is a specific reason that you need to deviate from this scheduling, please let us know ASAP via phone, email, or text. Some valid reasons for needing a customized installation timeline would be as follows:

- HOA Restrictions
- City/Township Restrictions
- Scheduling conflicts with other contractor projects

See the following pages for our default scheduling windows:

- TPG Lighting is responsible for providing the decorations, labor, installation, maintenance, removal, and storage of the decorations at the end of the season (Unless otherwise specified).
- For all customer-owned product that is stored on the Client's behalf, if 12 months have passed since the last time it was used and has not been picked up by the Client or an authorized representative, the ownership of the product reverts to TPG Lighting.
- All landscaping such as trees and bushes that we are decorating must be trimmed to the standards below provided in this proposal by the beginning of the corresponding installation window.
- For any electrical work performed by a licensed electrician that TPG Lighting orchestrates on behalf of the client, we will pay the invoice and the client will reimburse TPG Lighting for the cost plus 20% of the electrical invoice. If the property wants to use their electrician, we will identify where outlets are needed, and it is the responsibility of the client to install the outlets before we arrive to install decorations and to keep them operational during the season.
- We will affix permanent studs for hanging decorations when necessary.
- It is the responsibility of the client to inform TPG Lighting of any lighting outages along with a description of the issue and a photo texted/emailed to us. Texting is preferred. Diagnosis and repair will take place within 24-48 hours. Our textable phone number is 407-413-0442. Our email is TPGLighting@gmail.com.
- The Maintenance phone and email will be monitored from 7 AM to 8 PM daily from October 1st to January 31st. If any requests are received after 8 PM, we will respond the next business day.
- Any damage or theft of our decorations that is not part of normal wear and tear or from acts of God will be billed to the client with a $250 trip charge plus material cost. Feel free to seek reimbursement from the party responsible for the damage or theft.
- Black-out dates that no maintenance will be performed are Thanksgiving Day, Christmas Eve (After 12:00 Noon), Christmas Day, New Year’s Eve (After 12:00 Noon), and New Year’s Day.
- Any locks that are present on outlets that need to be used for a power source will be cut off if not removed prior to our arrival.
- Irrigation schedules around our decorations should be changed and set to run between the hours of 8 AM and 3 PM. Our lights are water-resistant but when they are on, active watering can cause GFIs or breakers to trip.
- No person outside of TPG Lighting may tamper with the lights, timers, or electrical cords related to the project.
- Lighting installations, maintenance, and take-down will be scheduled according to the this proposal
- If decorations are installed according to the dates dictated in this proposal and the customer requires us to remove the decorations and re-install the decorations at a later date, TPG Lighting reserves the right to invoice up to 50% of the job's annual value for the removal and re-installation.
- If a customer has a card on file and an invoice remains unpaid 30 days after project completion, the card will be automatically charged for the outstanding balance.

Palm Tree Standards:

Make sure all dead fronds, husks, or previously trimmed frond bases are trimmed prior to installation. All husks must be removed to increase the visibility of the lights and to avoid slippage of the lights down the trunk (See Below). Please coordinate with your landscapers based on the earliest installation date of October 1st above.

Oak Tree Standards:

Before we wrap oak trees, it is essential to eliminate any tree moss hanging in the areas we will be wrapping (See Below). Please coordinate with your landscapers based on the earliest installation date of October 1st above.

Bush/Hedge Standards:

Before we wrap bushes and hedges, it is essential to trim them just before we come out to decorate them (See Below). Please coordinate with your landscapers based on the earliest installation date of November 1st above.

Most Common Maintenance Request:
Reset Outlet GFI

About 80-90% of the maintenance requests that we receive revolve around setting the GFI switch on the outlet. This may present itself as the following:

- One side of a community entrance lights up and the other side does not
- The lights were on for part of the night but turned off the remainder of the night
- Nothing is turning on at all

Sometimes the outlet just trips for no discernable reason, but the 2 most common reasons that the GFI trips is from the following:

1. **Moisture:** Although our commercially-rated lighting is water resistant, anytime that they are actively being soaked while operating can result in an outlet trip. We can't control inclement weather, but adjusting your irrigation schedule to run during the day will prevent many of these issues.
2. **Damaged Wire:** Usually from careless landscaping or small animals, sometimes the wires can be damaged. If there are any exposed wires where the metal wire is showing, it can cause the outlet to trip.

Although, service calls are always free, sometimes a repair can take 24-48 hours to take place. For faster service, you can always reset the outlet yourself. If it happens more than once, then there is likely a moisture issue or some wires have been damaged. In this case, TPG Lighting would need to thoroughly inspect the lighting system to further diagnose the issue.

To reset the outlet yourself, please see the images below:

Highland Meadows West Community Development District
Board of Supervisors

We are pleased to confirm our understanding of the services we are to provide Highland Meadows West Community Development District, ("the District") for the fiscal year ended September 30, 2026 and with an option for additional annual renewals. This letter serves to renew our agreement and establish the terms and fee for the 2026 audit.

Audit Scope and Objectives

We will audit the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund (general fund, debt service fund, capital projects fund), and the aggregate remaining fund information, and the disclosures, which collectively comprise the basic financial statements of the District as of and for the year ended September 30, 2026. In addition, we will examine the District's compliance with the requirements of Section 218.415 Florida Statutes in accordance with Rule 10.556(10) of the Auditor General of the State of Florida. Accounting standards generally accepted in the United States of America (GAAP) provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the District's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement we will apply certain limited procedures to the District's RSI in accordance with auditing standards generally accepted in the United States of America (GAAS). These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient appropriate evidence to express an opinion or provide any assurance. The following RSI is required by GAAP and will be subjected to certain limited procedures, but will not be audited.

1. Management's Discussion and Analysis
2. Budgetary comparison schedule

The objectives of our audit are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; issue an auditor's report that includes our opinion about whether your financial statements are fairly presented, in all material respects, in conformity with GAAP; and report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements

We will conduct our audit in accordance with GAAS and will include tests of your accounting records and other procedures we consider necessary to enable us to express such opinions. As part of an audit in accordance with GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Pursuant to Section 218.39(7), Florida Statutes, we will provide a statement describing corrective actions to be taken in response to each of our recommendations included in the audit report, if any.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the government's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of receivables and certain assets and liabilities by correspondence with selected customers, creditors, and financial institutions. We will also request written representations from your attorneys as part of the engagement.

We may, from time to time and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

Our audit of the financial statements does not relieve you of your responsibilities.

Audit Procedures—Internal Control

We will obtain an understanding of the government and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. An audit is not designed to provide assurance on internal control or to identify deficiencies in internal control. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the District's compliance with the provisions of applicable laws, regulations, contracts, and

agreements. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion.

Other Services

We will also prepare the financial statements of Highland Meadows West Community Development District in conformity with accounting principles generally accepted in the United States of America based on information provided by you.

We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

You agree to assume all management responsibilities for the financial statement preparation services and any other nonattest services we provide; oversee the services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of the services; and accept responsibility for them.

Responsibilities of Management for the Financial Statements

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for designing, implementing, and maintaining internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including monitoring ongoing activities; for the selection and application of accounting principles; and for the preparation and fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America with the oversight of those charged with governance.

Management is responsible for making information available for the drafting of financial statements, all financial records, and related information available to us and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters; (2) additional information that we may request for the purpose of the audit; and (3) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws and regulations.

You are responsible for the preparation of the supplementary information in conformity with accounting principles generally accepted in the United States of America (GAAP). You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon. Your responsibilities include acknowledging to us in the representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have

changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Engagement Administration, Fees, and Other

We understand that your employees will prepare all cash or other confirmations we request and will locate any documents selected by us for testing.

Subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to a cognizant or oversight agency or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of DiBartolomeo, McBee, Hartley & Barnes, P.A. personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies. Notwithstanding the foregoing, the parties acknowledge that various documents reviewed or produced during the conduct of the audit may be public records under Florida law.

We will complete the audit within prescribed statutory deadlines, which requires the District to submit its annual audit to the Auditor General no later than nine (9) months after the end of the audited fiscal year, with the understanding that your employees will provide information needed to perform the audit on a timely basis. Provided that such information and any necessary feedback is provided on a timely basis, we will submit a preliminary draft audit report for your review no later than May 15 following the fiscal year for which the audit is conducted, and will submit a final audit report for your review no later than June 15 following the fiscal year for which the audit is conducted.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date. If we are aware that a federal awarding agency or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Jim Hartley is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it. Our fees for these services are not to exceed $3,150. The fee estimate is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary or if additional Bonds are issued, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed our report. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket expenditures through the date of termination.

Either party may unilaterally terminate this agreement, with or without cause, upon thirty (30) days written notice. Upon any termination of this Agreement, the District will pay all invoices for services rendered prior to the date of the notice of termination but subject to any offsets that the District may have. Pursuant to Section 218.391, Florida Statutes, all invoices for fees or other compensation must be submitted in sufficient detail to demonstrate compliance with the terms of this engagement.

We shall take all necessary steps to ensure that the audit is completed in a timely fashion so that the financial reports and audits may be approved by the District's Board of Supervisors within 180 days after the end of the fiscal year under review.

We agree and understand that Chapter 119, Florida Statutes, may be applicable to documents prepared in connection with the services provided hereunder and agree to cooperate with public record requests made there under. In connection with this Agreement, we agree to comply with all provisions of Florida's public records laws, including but not limited to Section 119.0701, Florida Statutes, the terms of which are incorporated herein. Among other requirements, we will:

a. Keep and maintain public records required by the District to perform the service.

b. Upon request from the District's custodian of public records, provide the District with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes or as otherwise provided by law.

c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the Agreement if the auditor does not transfer the records to the District.

d. Upon completion of this Agreement, transfer, at no cost, to the District all public records in possession of the auditor or keep and maintain public records required by the District to perform the service. If the auditor transfers all public records to the District upon completion of this Agreement, the auditor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the auditor keeps and maintains public records upon completion of the Agreement, the auditor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the District, upon request from the District's custodian of public records, in a format that is compatible with the information technology systems of the District.

e. If auditor has questions regarding the application of Chapter 119, Florida statutes, to its duty to provide public records relating to this agreement, contact the public records custodian at: c/o Governmental Management Services – Central Florida LLC, 219 East Livingston Street, Orlando, Florida 32801, or recordrequest@gmscfl.com, phone: (407) 841-5524.

Reporting

We will issue a written report upon completion of our audit of Highland Meadows West Community Development District's financial statements. Our report will be addressed to the Board of Supervisors of the District. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add a separate section, or add an emphasis-of-matter or other-matter paragraph to our auditor's report, or if necessary, withdraw from this engagement. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or withdraw from this engagement.

We appreciate the opportunity to be of service to Highland Meadows West Community Development District and believe this letter accurately summarizes the terms of our engagement, and, with any addendum, if applicable, is the complete and exclusive statement of the agreement between DiBartolomeo, McBee, Hartley & Barnes and the District with respect to the terms of the engagement between the parties. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the attached copy and return it to us.

DiBartolomeo, McBee, Hartley & Barnes

Subject: **Work Authorization Number 2027-1**
Highland Meadows West Community Development District
District Engineering Services – FY 2027
Polk County, Florida

Dear Ms. O'Rourke:

Dewberry Engineers Inc. is pleased to submit this Work Authorization for the Highland Meadows West Community Development District (District). We will provide these services pursuant to our current agreement ("District Engineering Agreement") as follows.

I. General Engineering Services

The District will engage the services of Dewberry Engineers Inc. (Engineer) as District Engineer to perform those services as necessary, pursuant to the District Engineering Agreement, including attendance at Board of Supervisors meetings, review and approval of requisitions, or other activities as directed by the District's Board of Supervisors.

Our fee for this task will be based on time and materials, in accordance with the enclosed Schedule of Charges. The referenced Schedule of Charges is valid for fiscal year 2027 only. We estimate a budget of $15,000, plus other direct costs.

II. Other Direct Costs

Other direct costs include items such as printing, drawings, travel, deliveries, et cetera. This does not include any of the application fees for the various agencies, which are the owner's responsibility and have not been accounted for in this proposal. We estimate a budget of $100.

This Work Authorization, together with the referenced District Engineering Agreement, represents the entire understanding between the Highland Meadows West Community Development District and Dewberry Engineers Inc. with regard to the referenced project. If you wish to accept this Work Authorization, please sign where indicated and return one complete copy to Aimee Powell, Senior Office Administrator in our Orlando office at 800 N. Magnolia Avenue, Suite 1000, Orlando, Florida 32803 (or via email at apowell@dewberry.com). Upon receipt, we will promptly schedule our services.

Thank you for choosing Dewberry Engineers Inc. We look forward to working with you and your staff.

Sincerely,

Joey V. Duncan, PE
Principal Engineer
